MISSIO - MALTA

Project Title

Sponsorship Programme in Salem Diocese, Tamilnadu, India.

OUR GOAL

To identify those unfortunate, downtrodden, and deprived children who have never received any social welfare aid before and who remain under the poverty line, and help them realize their potential and help to improve their quality of life.

OUR MISSION

To liberate deserving children from the shackles of poverty which impede, restrict, and block their growth in the society and to encourage them through our special programs, inculcating in them basic values, etiquette, hard work, and perseverance, thus broadening their horizons. We walk with them hand in hand, thus empowering them to see the real world in store for them.

OUR VISION

Just as the Chinese proverb goes, "If you give a man a fish, you feed him for a day, but if you teach him how to fish, you feed him for a lifetime," Salem Social Service Society envisions a very bright future for these underprivileged children by teaching them hands on trades and strengthening their skills to make them fly on their own. In their enthusiasm, we long to see a joyous omen of success.

Implemented Activities

Malta-Missio sponsored 101 school going students. The money was credited into students bank Account.
