

## Salem Social Service Society

### News Letter for the month of April 2020

In India, Total Covid-19 cases in India have climbed to **19984 by 22nd April 2020**, according to Union Ministry of Health and Family Welfare. According to the ministry, the total death toll has jumped to 640 while 3869 people have recovered/discharged. In India, initially,

Kerala, UP, MP, Odisha and few more states were affected by the pandemic. But today, Tamil Nadu is fifth leading states with high prevalence of the pandemic Corona virus. Tamil Nadu stands in the fifth state in India with high prevalence of corona virus.

A 40-days Corona Virus lockdown - the world's largest - is wreaking havoc on India, where more than a quarter of its 1.39 billion people live below the poverty line.

SSSS got permission from the District administration for distribution of relief measures. SSSS has formed a team of volunteers headed by the respective area staff. The core committee for Relief has short listed the beneficiaries based on their vulnerability to the crisis. SSSS had experience in service through tough times like flood relief in Salem Diocese and now we have given relief materials like dry ration ,sanitary items and masks to Salem Town People for 300 families.
