awareness meeting.

Through the support of Caritas india and CHARIS Singapore. On 31st of July 2021 SSSS have provided 7 Oxygen cylinders to St. Mary's Hospital, Arisipalayam, Salem.

OXYGEN CONCENTRATORS TO THE DIOCESES SUPPORTED BY CARITAS GERMANY

We have received a Oxygen Concentrator from Caritas India, New Delhi on August 2nd. As predicted by the experts and doctors, we would witness similar or more severe waves in the coming months only if we are not well prepared and alert. It is with this perspective and intent that Caritas India wishes to make provision of oxygen concentrator/s, to all our diocesan societies across the country, with the support of Caritas Germany. These concentrators shall be in the custody of the Diocesan office with a purpose of using it for home based or community-based care of covid patients as per the need and requirement. This arrangement is seen as a preparedness measure of home-based support, in the event of shortage of oxygen for the patients at home.

NEW THRUST:

On 11th of August 2021 NT point person Mr. T. David Raja, participated in NT Phase VII- official launch and orientation meeting at TASOSS, Trichy. In this orientation meeting they have discussed about project implementation planning.
